- 4) What did Celts believe happen on the night of October 31st?
- 5) How is Halloween celebrated nowadays?

2. Read the text below to check your answers:

Spooky Halloween

Lesson plan – Intermediate / Upper-Intermediate

Halloween's origins date back to the ancient Celtic festival of Samhain (pronounced som-in). The Celts, who lived 2,000 years ago in the area that is now Ireland, the United Kingdom and northern France, celebrated their new year on November 1st. This day marked the end of summer and the harvest and the beginning of the dark, cold winter, a time of year that was often associated with human death. Celts believed that on the night before the new year, the boundary between the worlds of the living and the dead became blurred. On the night of October 31 they celebrated Samhain, when it was believed that the ghosts of the dead returned to earth. Nowadays, Halloween evolved into a secular, community-based event characterized by child-friendly activities such as trick-or-treating. In a number of countries around the world, as the days become shorter and the nights get colder, people continue to start the winter season with gatherings, costumes and sweet treats.

Did You Know?

One quarter of all the candy sold annually in the U.S. is purchased for Halloween.

3. Discuss:

- ✓ What have you learned about the origin of Halloween?
- ✓ What else do you know about the history of this holiday?
- ✓ Do you believe in ghosts?
